

COOKIE SETTINGS & POLICY

Fashion Store | Cookie Preferences and Browser Technologies

Effective Date: 29 August 2026

1. What Are Cookies?

Cookies are small data files stored by a browser. We may also use local storage, session technologies, pixels, or similar technologies to provide and improve the Store.

2. Why We Use Cookies

- **Essential cookies:** required for core functions such as sessions, login, security, cart functionality, and basic navigation.
- **Preference cookies:** remember choices such as shopping or interface preferences where supported.
- **Analytics cookies:** help us understand website usage, performance, errors, and improvements where such technologies are enabled.
- **Marketing cookies:** may be used, where enabled and legally permitted, to measure or personalize advertising and promotional activity.

3. Cookie Settings

Essential — Always Active: These technologies support core website operation and cannot normally be disabled through the website's cookie settings.

Preferences — Optional: Used to remember non-essential choices and personalization settings.

Analytics — Optional: Used to understand traffic and website performance.

Marketing — Optional: Used for advertising, campaign measurement, or personalization where implemented.

4. Managing Your Choices

Where a cookie-consent banner or settings panel is available, you can accept, reject, or customize optional cookie categories. You can also manage cookies through your browser settings.

Disabling some technologies may affect website functionality, account sessions, cart behavior, personalization, or other features.

5. Local Storage

The Store may use browser local storage or similar mechanisms for functional purposes such as temporary shopping state, preferences, cached information, or performance. This information is generally stored on the device/browser and may be removed when browser storage is cleared.

6. Third-Party Technologies

Third-party services used by the Store may place or access their own cookies or similar technologies. Their use is governed by their respective privacy policies and settings.

7. Changes to Cookie Settings

We may change the technologies used by the Store as features and service providers evolve. This Cookie Settings Policy may therefore be updated from time to time.

8. Contact

If you have questions about cookies or your preferences, contact Fashion Store through the official customer-support/contact channel published on the website.

Legal notice: This is a general cookie-policy draft. The final version should accurately list the actual cookies, scripts, analytics tools, advertising tools, consent mechanism, retention periods, and third-party providers implemented on the production website.
